The VIN Plate is the first reference and then you can check if your Chassis and Engine Numbers match.

The MR Webpage will show you how to locate ID Numbers on the various models.

<u>Model</u>	<u>Prefix & Chassis</u>	<u>Years Manufactured</u>
Pre Series	35/E 901-48612	Sept 1934 - June 1935
Series I	SI-E 48613 - 165000	June 1935 - Aug 1937
Series II	S2-E 165001-219000	Aug 1937 - Aug 1938
Series E	SE-E 542-54675	Pre War
Series E	SE-E 54677 -99966	Post War
Series E	SE-E 99967 onwards	1948

The Series E was announced in October 1938 with a discontinuation of production brought about by the the Second World War. Production was re-introduced after the war until the introduction of the Issigonis

<u>The correct starting and finishing chassis numbers for the Morris Eight SERIES E in each calendar year of the post-war period are:</u>		
	<u>Starting chassis no.</u>	<u>Finishing chassis no.</u>
1945	54676	56235
1946	56236	76394
1947	76395	100908
1948	100909	122209

Z Vans were produced up to 1953 with side valve engines.
